Dedication

Miss Gail A. Peterson

In the past four years there have been many times when we were uncertain in what direction we were going. But none of our indecision has ever affected our advisor, Miss Gail Peterson. She has always been there to help us get back on the right road.

We can never repay her for all the time and effort she has given to our class, but as a token of our appreciation we dedicate this yearbook to her.

The Class of 1969

Most Saturday evenings between September and May, a television celebrity greets the applause of his enthusiastic audience with the words, "How sweet it is!" In this season of graduation, you, the Senior Class of 1969, can taste the sweetness of plaudits for having earned a diploma.

We, the faculty members of Berlin High School, wish to add our congratulations to the applause already accorded you by your family and friends.

We congratulate you first on your perseverance in remaining in school. Some of your classmates during the past four years have found themselves unable to adjust to the rigid schedule of regular school attendance and have consequently denied themselves the benefit of a high school diploma.

Second, we congratulate you on your academic achievement. Approximately one hundred eighty of you, as members of the College Course, the Business Course, or the General Course, have successfully completed the academic standards set by this school for graduation.

Third, we congratulate you on your vision of the future. Out of your class over sixty percent have specific plans for education beyond the secondary level. Many of the remaining students have already secured positions in industry and business.

Graduation is the time for you to enjoy the spotlight and to taste the sweetness of applause. The faculty of Berlin High School wishes to be considered part of your applauding audience.
